## Grade Level Needs

Our second graders are in need of plastic bottle tops to use for an upcoming math game in all four classes. Please collect them and turn them in to your teacher by Friday, October 5.

## PiP Volunteer Update

As we have all settled into the new school year and our new schedule, the school's volunteer needs have become clear and more defined. Parents in Partnership is making an effort to get all of the volunteer needs gathered together in one convenient location so that you can see what the needs are and how you can help.

Carpool is running very smoothly these days, and it is thanks to a very small number of individuals who are there every single day. The time commitment to volunteer for carpool is small, but it makes a huge impact. If we can get everyone who has daytime availability to commit to just one carpool spot every other week, we would easily cover our needs and give those amazing parents who are there day in and day out a bit of a break. Please consider contributing in this important way.

In addition, the grade levels are adding their needs to the website so that you can see the needs for your own child's class or for an age group that you simply enjoy spending time with.

The website will also list one time volunteer needs. Please visit <http://www.imagineparents.org/campus-volunteers.html> to check out the immediate needs for volunteers. Thank you so much for helping to make our children's school the best it can be!

Don't forget that grandparents, aunts and uncles make wonderful volunteers, too!
